

inspected at roadside. Such violations will not be used by FMCSA in making a safety fitness determination of a motor carrier (unless there is evidence that the driver or motor carrier caused or substantially contributed to the violations) because the driver could not readily detect these violations during a pre-trip inspection performed in accordance with §392.7(b).

(c) *An intermodal equipment provider, or its agent*, may request FMCSA to investigate a motor carrier believed to be in noncompliance with responsibilities under 49 U.S.C. 31151 or the implementing regulations in this subchapter regarding interchange of intermodal equipment by contacting the appropriate FMCSA Field Office.

(d) *A motor carrier or its agent* may request FMCSA to investigate an intermodal equipment provider believed to be in noncompliance with responsibilities under 49 U.S.C. 31151 or the implementing regulations in this subchapter regarding interchange of intermodal equipment by contacting the appropriate FMCSA Field Office.

**§ 390.46 Are State and local laws and regulations on the inspection, repair, and maintenance of intermodal equipment preempted by the Federal Motor Carrier Safety Regulations?**

(a) *General*. As provided by 49 U.S.C. 31151(d), a law, regulation, order, or other requirement of a State, a political subdivision of a State, or a tribal organization relating to the inspection, repair, and maintenance of intermodal equipment is preempted if such law, regulation, order, or other requirement exceeds or is inconsistent with a requirement imposed by the Federal Motor Carrier Safety Regulations.

(b) *Pre-existing State requirements*—(1) *In general*. Pursuant to 49 U.S.C. 31151(e)(1), unless otherwise provided in paragraph (b)(2) of this section, a State requirement for the periodic inspection of intermodal chassis by intermodal equipment providers that was in effect on January 1, 2005, shall remain in effect only until June 17, 2009.

(2) *Nonpreemption determinations*—(i) *In general*. Pursuant to 49 U.S.C. 31151(e)(2), and notwithstanding paragraph (a) of this section, a State requirement described in paragraph (b)(1)

of this section is not preempted if the Administrator determines that the State requirement is as effective as the FMCSA final rule and does not unduly burden interstate commerce.

(ii) *Application required*. Paragraph (b)(2)(i) of this section applies to a State requirement only if the State applies to the Administrator for a determination with respect to the requirement before the effective date of the final rule (June 17, 2009). The Administrator will make a determination with respect to any such application within 6 months after the date on which the Administrator receives the application.

(iii) *Amended State requirements*. If a State amends a regulation for which it previously received a nonpreemption determination from the Administrator under paragraph (b)(2)(i) of this section, it must apply for a determination of nonpreemption for the amended regulation. Any amendment to a State requirement not preempted under this subsection because of a determination by the Administrator may not take effect unless it is submitted to the Agency before the effective date of the amendment, and the Administrator determines that the amendment would not cause the State requirement to be less effective than the FMCSA final rule on “Requirements for Intermodal Equipment Providers and Motor Carriers and Drivers Operating Intermodal Equipment” and would not unduly burden interstate commerce.
